# Countable nouns

sample

- We use countable nouns for things that can be counted. 可以數的東西，我們會用可數名詞。
- When there is only one person or thing, we use singular nouns. When there is more than one person or thing, we use plural nouns. 只有一個人或一樣東西時，我們用單數名詞。多於一個人或一樣東西時，我們用複數名詞。
- Most nouns change their form when they are plural. 大部分複數名詞須轉換形態。

Singular nouns 單數名詞	Plural nouns 複數名詞	Notes 說明
apple	apples	Most nouns form the plural by adding '-s'. 大部分名詞加 '-s' 後，能轉換成複數名詞。
potato	potatoes	For most nouns that end in '-ch', '-o', '-s', '-sh' and '-x', add '-es'. 以 '-ch', '-o', '-s', '-sh' 和 '-x' 結尾的名詞大多加上 '-es'。
baby	babies	For nouns that end with a consonant and '-y', change '-y' to '-ies'. 以輔音和 '-y' 結尾的名詞，將 '-y' 轉為 '-ies'。
child	children	Others 其他

e.g. Benny has an **apple**. Polly has two **apples**.  
There is a **potato** in this box. There are three **potatoes** in that box.

## A. Colour the correct answers.

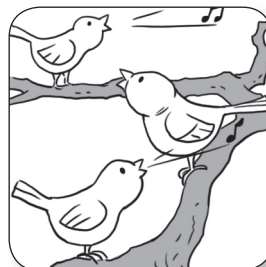

1.

A baby

B babies

2.

A bird

B birds
