Connectives

sample

- Many adverbs are connectives. They can connect ideas more smoothly. They can be used to show results, contrasts and sequences. 很多副詞都是連詞，可用來表示結果、對比和次序，使文意更清楚。

Uses 用法	Examples 例子
To show results 表示結果	Diana woke up late today. Therefore (所以), she could not attend the class on time.
To show contrasts 表示對比	Broomie was very tired. However (但是), he kept on playing computer games.
To show sequences 表示次序	First (首先) insert coins into the stamp vending machine. Next / Then / #After that (然後) select the stamp you want by pressing the button. Finally (最後) tear the stamp off the machine.

- *'After that' is an adverbial, a group of words with identical functions as adverbs. It is commonly used for showing the sequence of events. 'After that' 是狀語，狀語是由一組字組成的單位，與副詞功能相同，在排列事情時經常會用到。
